Peggy Franklin and Jim Craig are long time members of Blue Ridge Agility Club. Peggy acted as trial secretary for BRAC events for over 10 years, and Jim provided major score keeping assistance for each show. They scheduled all volunteers, and volunteered in countless other ways. They also provided trial secretary services to numerous other clubs in the southeast. Agility events in the southeast are considerably higher quality due to the excellence of Peggy and Jim. Peggy continually worked to make trial secretaring more efficient and events better organized, while Jim was a pioneer in computerized score keeping, writing his own software years before the major organizations had their own software.

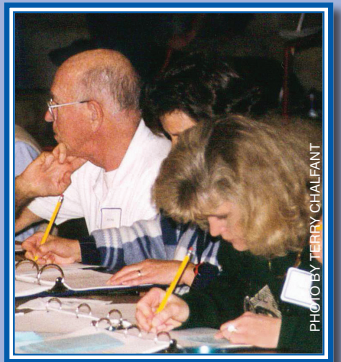

They provided all this effort efficiently, effectively, with excellence and good humor. It is difficult to over estimate the contributions they have made to the sport of agility.

Peggy is also an enthusiastic and accomplished agility competitor, starting with her All American Cindy Lou, then with a team of Papillons: Sherman, Cari, Jackpot, Pixie, and Corkie. Sherman earned multiple MACHs, a NATCH, and ADCH. Carrie also earned MACH3.

**Thank you both for everything!**
